VOL. 56—NO. 173

JACKSONVILLE, ILLINOIS, SATURDAY MORNING, JULY 8, 1922

TEN PAGES—THREE CENTS

SOVIET GOVERNMENT OFFERS TO SELL BACK PROPERTY TO OWNERS

Maxim Litvinoff, Russian Spokesman, Says That Former Owners Will be Given First Chance—If They Can't Buy the Government Will Dispose of it to Someone Else

(By The Associated Press)
THE HAGUE, July 7.—The Hague conference came very near a rupture today, the issue on which the conference threatened to split being the treatment of confiscated property in Russia.
What Russia proposed to do in the way of restitution, as presented officially by Maxim Litvinoff, the Russian spokesman, fell like a cold shower on the expectant delegates. Sir Philip Lloyd Greaves, the British delegation member, declared it was absurd to continue the discussions unless more satisfactory assurances were forthcoming. Only M. Krassin—"Krassin the conciliator," as he is beginning to be called—saved the day by suggesting mildly that controversial matters be left aside for the moment and a real effort be made to find a common ground based on mutual advantage.
The difficulty started at the afternoon session of the conference, when M. Litvinoff read a long list of oil and other concessions which Russia was ready to give the foreigners. M. Cattier, Belgium, suggested it would be "nice" if M. Litvinoff would explain which of the properties listed were under foreign ownership previous to their confiscation, and what foreign properties were excluded from the list.

IRREGULARS ARE FLEEING BEFORE ADVANCING TROOPS

Large Numbers Captured and Others Are Surrounded

(By The Associated Press)
DUBLIN, July 7.—The activities of the free state forces in the provinces as indicated by the latest official reports, are meeting with complete success, large numbers of insurgents continuing to be captured. In various parts of the provinces, the irregulars alarmed by the advance to the national soldiers, have abandoned and burned their fortified positions and fled into the country.
The encircling movement in the hills south of Dublin is rapidly approaching success, virtually whole roving bands of irregulars being driven into Blessington, where they are practically invested, with the government troops holding part of the town. The total number of irregulars in Blessington is placed at more than 500. There are persistent rumors that Eamon DeValera and Erskine Childers have been seen in this district, but these have not been verified.
In Dublin itself life is rapidly becoming normal. The railways are resuming service, though damage to the lines prevents direct railroad communication with Cork. The tragic end of Cathal Brugha (Charles Burgess), the first irregular leader to fall in the present fighting, was the foremost topic today.
Harry Boland is known to be among those besieged at Blessington. His brother, J. Boland, was captured today after a brisk fight at a farm house two miles north of Blessington, whence the rebels fled. Boland with 11 others, drove up to the farm house later, supposing it to be still in the hands of the irregulars, and the whole party was captured with a quantity of arms. Brigadier general MacDonnell, commanding the irregulars also was captured.

PRESIDENT STOPS AT NEW CONCORD, OHIO, FOR DEGREE

Doctor of Laws is Conferred On Him by Muskingum College

(By The Associated Press)
UNIONTOWN, Pa., July 7.—President and Mrs. Harding arrived today for a night's rest in the mountains at a hotel near here. They will leave in the morning on the last lap of their automobile journey from Marion, Ohio, to Washington. The president expects to reach the White House before evening.
Today's 200 mile trip from Columbus was without incident except for a stop at New Concord, Ohio, where a doctor of laws degree was conferred on the President by Muskingum College. During the afternoon the presidential party traveled thru a section of bituminous coal fields where many miners are idle as a result of the strike.
Large crowds along the route, among them many miners, gave the president a cordial greeting.
A two hour stop was made at noon at the village of New Concord, where a band escorted him to the college campus.
Muskingum College, years ago absorbed Ohio central college, which the president, as a youth, attended.

WABASH ISSUES ULTIMATUM TO ITS SHOPMEN

If They Do Not Return Monday Will Lose Seniority Rights

(By The Associated Press)
DECATUR, Ill., July 7.—An ultimatum from the Wabash to strikers, all that could be done was to publish the list and let foreign owners identify their property if they could.
"Do you really mean," Sir Philip Lloyd Greaves asked, "that having nationalized these properties and administered them, you do not know whether the owners are foreigners or Russians?"
"Exactly," replied M. Litvinoff.
M. Cattier said: "We understand there is no question of restitution to the actual proprietor and that Russia will grant concessions to any foreign capitalist who is ready to invest money and not necessarily to a former owner."
To this the Russian spokesman replied:
"We do not go back on what we said at Genoa, namely, that the first option of concessions would be offered to former owners."
A long exciting discussion followed. The Dutch representatives wanted to know if in case a former owner had been ruined by the revolution and had no capital to take over his property it would be given to another syndicate offering better terms. M. Litvinoff explained:
"If he lacks capital we cannot recommend him as a candidate for concession. We want to give these properties to people who will develop them."
Sir Philip insisted on clarification. Did M. Litvinoff intend to suggest that foreigners' factories which had been bought and equipped with foreigners' money, would be auctioned and that a former owner would be placed on the same footing as all other bidders.
Owners Have First Chance
"We will not auction," declared M. Litvinoff, "but will offer terms to former proprietors who, if able to find capital properly to develop the undertakings, undoubtedly will find our conditions reasonable. If they refuse to develop them, we cannot allow them to remain idle."
Then Sir Philip made his statement concerning the uselessness of further discussion.
Partly with the idea of saving the conference from collapse and partly to contribute light on the property issue, M. Krassin read a statement dealing with the declaration at Genoa of Premier Lloyd George that the Russians were disposed to restore 90 per cent of appropriated properties. M. Krassin denied ever making such an assertion. He desired to make it clear that any such estimate could only possibly apply if an agreement were reached with the soviet government concerning conditions of restoration.
He suggested that each side omit controversial points from the discussion as far as possible.
This was agreed to with the understanding that classified industries would be taken up and an effort made to establish conditions for restoration to former owners which would be mutually satisfactory.

CHICAGO AND ALTON RAILROAD IN BADLY CRIPPLED CONDITION

Strikers Induce Men to Quit at the Blooming Roundhouse

(By The Associated Press)
BLOOMINGTON, Ill., July 8.—The Chicago and Alton railroad is now in a badly crippled condition. A committee of strikers from the shops went thru the roundhouse late last night, persuaded all the emergency men on duty there getting out power to leave, including a number of imported laborers from Chicago and also went to the cinder pit and induced all the emergency men on duty there to leave the premises, leaving the company with but limited resources to handle trains. To keep the passenger trains and fast freight moving, in most instances the engines that brought to Bloomington were left coupled and carried them thru to the distant terminal. The company by this means, changing crews but not engines here, were enabled to keep the passenger trains and the most important freight moving, and with but little delay.
There was no violence nor was any one injured. When the committee of the strikers first appeared there was some resistance from the guards and it is reported some shots were fired. There was no one struck and all the men who were on duty agreed to comply with the request of the committee to cease working. At midnight, the roundhouse and yards was quiet. No one was on duty at the cinder pit to knock fires and the engines began to string out from the cinder pit reservoirs as far as Chestnut street. Extra firemen were called to serve as watchers to take care of the power.
SISTERS OF ST. FRANCIS BUY MACOMB HOSPITAL
Macomb, Ill., July 7.—The Holmes Hospital has been purchased by the Sisters of St. Francis and will be consolidated with the present St. Francis Hospital. It was announced today. The two hospitals temporarily will retain individual staffs of surgeons and physicians.

CLOSURE MOTION ON TARIFF BILL SUFFERS DEFEAT

In Debate That Follows Sen. LaFollette Attacks Measure

(By The Associated Press)
WASHINGTON, July 7.—Defeat of the Republican motion for closure on the administration tariff bill and a dramatic attack on that measure by Senator LaFollette, of Wisconsin, a Republican member of the committee that reported it, marked today's proceedings in the Senate. The vote to invoke the existing closure rule was 45 to 35, or nine less than the necessary two-thirds majority. The Democrats were a unit against the motion, which was opposed also by five Republicans.
Delivering the first of a promised series of attacks on the tariff, Senator LaFollette declared the only way the Republican party could be saved from defeat in the congressional elections in November and from "disaster" in the presidential election in 1924, was to recommit the bill for re-writing on the basis of "the old Republican principle" of merely equalizing the difference in the cost of production at home and abroad. If that could not be done, he added, the legislation should be abandoned.

Attacks Cotton Schedule
Taking up the cotton schedule, Senator LaFollette declared the rates as reported to the senate in many instances were from 11 to 90 per cent higher than those in Payne-Aldrich law. And from 100 to 200 per cent higher than those in the existing statute. He said he understood the committee majority did not intend to lower the rates below the level of the Payne-Aldrich law and presented many tables to show that the cotton manufacturers had prospered under the Underwood law rates.

Senator Smoot of Utah, ranking Republican on the finance committee, declared the average of the rate was not above the average in the Underwood law, the some were higher. Others, he added, were lower. He said the committee majority still was working on the schedule.
Before the vote on closure, Senator Watson of Indiana, delivered a vigorous address in support of the closure motion, charging that the Democrats were conducting an "adroit" filibuster so as to prevent passage of the bill until just before the November elections without time being given either for the effects of its operation to be felt or for the Republicans to explain it adequately to the country.
Senator Watson declared the question at issue was whether the senate was to function; whether the party which came in to power with a majority of 7,000,000 votes was to keep its pledge to the people that the tariff would be revised. This question he contended was more important than the tariff, or the soldiers' bonus or the ship subsidy which, he said, were only "mere incidents" in the life of the nation.

GREENLEAF MAKES HIGH OF 114 BALLS

Philadelphia, July 7.—Ralph Greenleaf, holder of the world's pocket billiard title, tonight made a high run of 114, exceeding the world's record held by himself by 14 balls. The performance, which was made in an exhibition match with Charles Harmon, will not stand as a record, billiard experts said.
The run, made under the rules with one ball always on the table was unfinished, and Greenleaf will endeavor to add to it in the next block of 500 point match tomorrow.

SALESMEN WILL CARRY RADIO PHONES

ST. LOUIS, July 7.—Officials of a local wholesale drug company today announced the inauguration of a system whereby their salesmen would canvass their territories in automobile trucks equipped with radio so they can receive up-to-the-minute price changes each day. The trucks will carry a complete line of samples.

RESUMED THE DISMISSAL OF MILLER

CHICAGO, July 7.—Professor W. B. Day of the state college of pharmacy and secretary of the Illinois Pharmaceutical Association, today sent Governor Small a resolution adopted by the association recommending the dismissal or suspension of W. H. H. Miller, head of the department of registration and education. Miller was indicted last April on charges that state examinations were "fixed" and medical and pharmacy licenses sold. Trial is set for Monday.

TWO KILLED WHEN TRAIN HITS WAGON

Myrphysboro, Ill., July 7.—M. T. Reynolds, 86, a farmer and his daughter-in-law, Mrs. Frank Reynolds, were killed when a wagon in which they were riding was struck by a passenger train near here today.

BRIEFS

(By The Associated Press)
TOPEKA, Kas., July 7.—Approximately 1,800 miners are at work in the Pittsburg, Kansas, coal fields and they are producing half the normal output of the mines when 10,500 men were employed before the strike. Governor Allen said today.

MADISON, Wis., July 7.—Senator Robert M. LaFollette will open his campaign for re-election with a keynote address at Milwaukee on July 17, it was announced at his headquarters here today. Following this speech the senior Wisconsin senator will make an automobile tour of the state in what he expects to be his most intense campaign of his political career.

LOUISVILLE, Ky., July 7.—With announcement of the seizure by government representatives of the Bond Brothers Distillery and the Paxton Co., warehouse near Lawrenceburg, today, Chief of Detectives W. H. DeFoster, made public a new clue in connection with the slaying of John Thomas, 32, of Louisville, found dead from a pistol bullet wound near Lawrenceburg last Saturday. This clue is a receipt for \$18,000 found near the murdered man.

KEWANEE, Ill., July 7.—Walter Conve hardware dealer here was killed instantly today when his touring car which he was driving was struck by a fast mail train.

SPRINGFIELD, Ill., July 7.—Promotion of Major John H. Richmond, of Chicago, to be lieutenant colonel of the 131st Infantry, was announced here today by Adjutant General C. E. Black. Captain Melvin W. Bridges of Company E, 131st, was named major and assigned the command of the Second Battalion of the 131st, to succeed Major Richmond.

SPRINGFIELD, Ill., July 7.—Increased telephone rates for Streater and Grand Ridge, sought by the Streater Telephone Company, were resuspended until January 12, 1923 by the Illinois Commerce Commission today.

SPRINGFIELD, Ill., July 7.—Highways in central Illinois are in good condition almost everywhere, according to the Weather Bureau road bulletin issued here today.
Roads are being closed in Macon county," the bulletin says, "Construction south of Carlinville; short detour. On Quincy route: paving west from Bradford; hard road now open Ripley to Mt. Sterling; detour Mt. Sterling, Timewell and Quincy, construction work in Fowler."

GALESBURG, Ill., July 7.—E. F. Ameter, 75, a former engineer of the Burlington Route, shot and killed himself last night. Despondency over ill-health that kept him from his job on the railroad was said to be the cause of the suicide.

FALL OF GERMANY IS THREATENED

(By The Associated Press)
WASHINGTON, July 7.—The fall of the German government is threatened and stringent measures have been enacted for the protection of the Republic regime, the commerce department was advised today in a cablegram from Commercial Attache Herring at Berlin.

The political crisis resulting from the assassination of Foreign Minister Rathenau, Mr. Herring reported, has aggravated the period of currency depression inaugurated by the failure of the foreign loan negotiations and the feeling is now general that Germany faces grave political complications with the fall in exchange which drops to the lowest level in the history today.
The Frankfurter Zeitung declares the collapse has been due not so much to foreign countries selling marks, as to Germans, who "in wild pessimism, fought to obtain foreign currency."
The great danger seen by this newspaper in the present situation is that of a rapid rise of prices proportionate to the decline of the mark.
Disaster is coming, the newspaper warns unless the situation is handled energetically. The educated classes will be forced into the proletariate and their discontent will be an increasing menace to the state.

CENTRAL WEST GETS GOOD RAIN

KANSAS CITY, Mo., July 7.—The Central west received one of the finest rains of the season last night. P. Connor, local forecaster said today. The soaking rain was general over a wide area from South Dakota, to the Panhandle of Texas and from Central Missouri to Western Kansas. Kansas City received a precipitation of .61 inch, Topeka .92 inch and Lexington, Mo., .60 inch.

ANOTHER EAST-WEST TENNIS TOURNAMENT

San Francisco, July 6.—Dr. Sumner Hardy, president of the California Lawn Tennis association, announced today that the west had agreed to a second east-west tourney to be held at Philadelphia in September.

ALASKAN MINER DISAPPEARS IN NEW YORK CITY

Alva C. Kendall, Believed to Have Had \$100,000, Missing

(By The Associated Press)
NEW YORK, July 7.—A trail of gold, leading out of Greenwich Village to an uptown hotel was the only thing left today to connect Alva C. Kendall, Alaska miner, with his haunts of more than a year. Kendall disappeared Wednesday, and when he went, it is believed by a friend, he had \$100,000 in his pocket.
He dropped out of sight in the busiest section of busy Fifth Avenue. A clerk in a jewelry store, who knew him, got a fleeting glance of him about 5:15 in the afternoon. No one can be found who has seen him since.
The trail of gold was picked up today in the home of Mrs. Mary E. Smith, where Kendall roomed. Mrs. Smith said he often paid his room rent in gold and showed at least five \$10 gold pieces to prove it. Across the street the manager of a cigar store had one of the gold pieces, and a taxi driver had another. At the Pennsylvania hotel a bell boy had one, given him as a tip, he said.
Mrs. Smith said today that she knew very little about her guest. He was silent on his experiences in Alaska, she said, but she believed he made nearly \$300,000 in gold mining. Kendall carried a large portion of his fortune in his trunk—all in gold she said. And it was because he liked to carry and use gold pieces that his trail on the last day he had been in New York was disclosed like an open book.
Slept at Pennsylvania.
Kendall slept Tuesday in the Pennsylvania hotel. He had slept there on two other nights, Mrs. Smith said, because his room was being renovated. Tuesday night he gave the bell boy the \$10 gold piece. He appeared in normal condition, the boy said today.
Wednesday morning he returned to Greenwich Village and gave a cigar store man a ten dollar gold piece in payment for two boxes of cigars which he took with him.
After that purchase he walked across the street and had dinner with Mrs. Smith as usual. At 3:30 he said he was going to Forty Eighth street and Fifth avenue to have a diamond reset. The jewelry store has no record of doing work for him, but at least two clerks knew him. One, Thomas A. Howland, said today that a little after five he saw Kendall approach the store, stop for a minute and then walk south rapidly. That was the last that has been seen of him.
Kendall is said to be about 38 years old. In 1911, Mrs. Smith said, he played back ball at Princeton's football team, but there is no record of a Kendall on that team. He weighed about 190 pounds and was five feet, 11 inches tall.
Almost a year ago he came out of Alaska, deposited most of his fortune in a bank and set about enjoying New York.
On Wednesday Mrs. Smith said, he showed her three thousand dollar bills saying he had 97 more like them in his pocket.
She admits he may have gone back to Alaska, as he complained often about the summer heat here.

STEPS TO IMPROVE GRAIN MARKETING TAKEN YESTERDAY

Representatives of Several Organizations Met in Chicago Friday

(By The Associated Press)
CHICAGO, July 7.—Steps toward the further improvement of a nation wide grain marketing facilities were taken today at a conference of representatives of grain exchanges, millers, exporters, farmers' grain dealers, the department of agriculture and the United States Chamber of Commerce.
The board of trade, unanimously authorized the appointment of a committee of seven, representing the different groups present, to thresh out in the next few weeks suggestions advanced at today's conference. A second general meeting will be called soon to take final action on the committee recommendations.
While the conference did not officially take up the subject of legislation bearing on the grain industry, several delegates warned that continued adverse action by congress would result in the complete break down of marketing machinery built up during the last 75 years.
President McDougal is expected to announce the personnel of the committee of seven in a few days.

RIP VAN WINKLE HAD NOTHING ON THIS MAN

(By The Associated Press)
KNOXVILLE, Tenn., July 7.—It took the combined efforts of police reserves and 100 citizens today to awaken John Wheeler, 45, a laborer, from a 96 hour siesta. Having last seen Wheeler enter his home Monday afternoon and finding all entrances to the home barred, neighbors called the police.
Finding the door locked and barred from the inside, police summoned a blacksmith to open it. He failed. Through a second story window Wheeler could be seen lying on a cot apparently dead. Police and citizens finally employed a battering ram to break down the door. Noise awakened slumberer who demanded to know the cause of all the racket. Wheeler returned to his cot to finish his sleep after the crowd had been dispersed.

STATE OF MISSOURI NOT STRIKE BREAKER

(By The Associated Press)
SEBASTIA, Mo., July 7.—"The state of Missouri is not a strike breaker," declared Governor Hyde in a telegram received tonight by striking shopmen of the Missouri Pacific railroad in reply to one the strikers had sent the governor appreciating the "fair and impartial position you have taken by refraining from calling upon the state troops," in connection with the rail strike.
In their telegram to the governor, the striking shopmen assured him that they would do everything within their power to prevent violence or destruction of property and would stand behind the constituted authorities at all times.
The governor's reply assured the strikers that if their stand was made good there would be no necessity to call out the Missouri National Guard in connection with the strike.

IOWA MAN IS CHAMPION SHOE PITCHER

CHICAGO, July 7.—Chicago is no match for Kellerton, Ia., at horseshoes. Frank Jackson of Kellerton, who claims the horseshoe championship of the world, defeated all local aspirants to his honors today, his game being so perfect that he seldom even gave his opponents a chance to score.
The Iowa farmer pitched, in five turns, each of the two and a half pound shoes turning two and a half times in the flight of 40 feet, and alighting with the calks facing the peg. He scored ringers in better than 50 per cent of his pitches.

DEVELOPMENT OF TALKING MOTION PICTURES CLAIMED

Head of Trustees of Illinois U. Makes Announcement Friday

(By The Associated Press)
CHICAGO, July 7.—Development in the laboratories of the University of Illinois of talking motion pictures thru the process of photographing and producing sounds was announced today by W. L. Abbott, president of the board of trustees of that institution.
The invention is the work of Professor Joseph Tykocinski-Tykociner of the physical department who has been working on the problem for more than 10 years. Mr. Abbott said the invention belonged to the university; patents had been applied for by the school and the institution would develop the machine.
Professor Tykocinski-Tykociner's apparatus to receive sound consists of an ordinary telephone speech receiver. Fluctuations in electric current caused by the vibration of the transmitter cause variations in a beam of light and these variations are photographed on a strip of film beside the regular movie negative.
By the means of a cell, which is sensitive to light, and the amplifiers used in radio, this sound is reproduced simultaneously with the picture, Mr. Abbott said.

LITTLE TROUBLE EXPERIENCED IN SHOPMEN'S STRIKE

First Week of Walk-out Passes With But Little Violence

(By The Associated Press)
CHICAGO, July 7.—The first week of the strike of railway shop men ended tonight with sporadic outbreaks of violence reported in some sections, troops held in readiness to quell trouble in Illinois and soldiers requested in other states and union officials, railroad executives and the railroad labor board, standing in the position each assumed when the walkout started July 1.
The attitude of the federated shop crafts was indicated tonight when B. M. Jewell, head of the railroad employees department of the American Federation of Labor issued a statement disclaiming any further responsibility for continuation of the strike and holding the railroads and the labor board to blame for the length of time the walkout lasts.
Chairman Hooper of the board issued a statement in which he asserted that "the only feasible way" for the shop crafts organization to end the strike was to follow in the footsteps of the maintenance of way organization whose officers agreed to postpone their strike pending further negotiations.
The labor board also passed a resolution today declaring it to be the opinion of the board that a carrier has no right to require an employee to perform work regularly delegated to a "raft" that is on strike unless the employee does this work voluntarily. A decision in this matter was one of the speculations under which E. F. Grable, head of the maintenance of way organization, agreed to withhold strike orders, he having maintained that some carriers were discharging members of his union when they refused to do shopmen's work.
From the headquarters of the shopcrafts organization tonight was issued "strike bulletin No. 1," which asserted that the first strike of shopmen was "100 per cent." The bulletin made public letters from the heads of the trainmen's and engineers' unions extending moral support to the strike.

MEASURES TO AVOID TROUBLE

Precautionary measures to avoid possible disorders were taken in several states and in many cities today as the result of trouble between strike sympathizers and workers.
Governor Hyde of Missouri ordered national guard troops to assemble at Warrensburg and Boonesville. Governor Kendall of Iowa announced he was prepared to act at once in case violence occurs in his state. Adjutant Smith of Indiana was investigating the need for troops in his state, and adjutant general Black of Illinois announced that despite reports that everything was quiet, troops would be held in readiness but he would not summon troops so long as local officials were able to cope with the situation. Governor Allen of Kansas said state police would be forthcoming if Missouri, Kansas and Texas railroad officials opened their shops at Parsons.
Violence today was confined mostly to clashes between small crowds of strike sympathizers and workmen taking the places of the men who walked out.
From Slater, Mo., came a report that three employees of the Chicago and Alton railroad had been killed used by striking shopmen. At Beardstown, Ill., 50 guards employed by the Chicago, Burlington and Quincy railroad left town after a threatened disturbance yesterday while 13 men employed to do shop work at Des Moines by the Chicago Great Western also left after striking shopmen had talked to them.
In Chicago a box car in the Baltimore and Ohio railroad yards was burned.

WILL WARN WOMEN WHO WEAR KNICKERS

(By The Associated Press)
ZION, Ill., July 7.—A giant bulletin board to be erected along the principal highway through Zion will announce to the world that women cannot foist themselves in the city of Zion in men's apparel, Wilbur Glenn Voliva, overseer, announced today. Those of the fair sex who venture into Zion clad in male attire are not only liable to arrest for violation of an ordinance, but are also likely to be enveloped in a blanket and rushed to jail, according to Voliva's orders.
The sign board will contain a warning and quotation from Deuteronomy 22:5.
"The woman shall not wear that which pertaineth unto a man, neither shall a man put on a woman's garment; for whosoever doeth these things is an abomination unto Jehovah thy God."

BIG CHOCOLATE SHIPMENT TO CHICAGO

(By The Associated Press)
CHICAGO, July 7.—What is said to be the largest single shipment of chocolate ever made by rail in the history of candy making industry will reach here tomorrow afternoon from Connecticut.
The shipment consists of 1,250,000 pounds, chiefly of what is known as confectioners' "covering" chocolate and completely fills a solid train of 31 box cars. From the contents of the "chocolate special" more than 5,000,000 pounds of candy will be manufactured it is said.
Two cars go to St. Paul and two to Sioux City, and one each to Galesburg and Freeport, Ills., St. Louis and St. Joseph, Mo., Milwaukee, Burlington and Ottumwa, Iowa.
A. C. KOHLER RETURNS
A. C. Kohler, Educational Director of the Veterans Vocational Bureau of the State Hospital has returned from a tour thru Illinois, Indiana, Ohio and Michigan.

Possibly it is a little late to make the acknowledgment, but Jacksonville is indebted to the management of Jacksonville State Hospital for providing a Fourth of July celebration. Thousands of Jacksonville people would have had "no place to go" if it had not been for the hospital program.

The Literary Digest has announced another of its "straw" votes. This time 12,000,000 people have been asked to express their views with reference to a prohibition amendment and a soldiers' bonus. The Digest has carried on similar voting events quite successfully before, but after all, a straw ballot is not a very satisfactory thing and no one is thoroughly convinced by its results.

Indications are that Jacksonville will be largely represented at the celebration attendant upon the opening of the Mercedosia bridge next Wednesday. That should be the case, for Jacksonville has a personal interest in that project and the opening of the bridge to general traffic will send many a car of travelers thru this city who otherwise would follow some other route.

Aside from the selfish standpoint, it is a fitting thing to rejoice with

the Mercedosia people in the accomplishment of a project for which they have been hoping for these many years.
It is said that the committee appointed to dispose of surplus war material has secured returns amounting to 53 per cent of the original cost. This is certainly a splendid showing, for supplies in the war time were of necessity bought on a scale of prices very much above the normal. In the earlier efforts at property disposal the returns were insignificant, so that the recent work of the committee is more notable.

A little child in Decatur placed a "harmless" sparkler against her dress. The clothing caught fire and death came. As a result, the mayor has introduced an ordinance which, if adopted and enforced, will entirely abolish the fireworks method of Fourth of July observance in Decatur.
In the hour of sorrow, with the death of this child keenly in mind, the effort to utterly change the plan of Fourth of July observance will gain support. But memories fade quickly, and a few months hence it will be a different matter. By the time next Fourth of July comes around the chances are that the noise of fireworks will again be heard and the glow of skyrockets will again be seen. Fourth of July celebrations are gradually growing sadder and the time will probably come when the noise feature is eliminated. But it will take more than a year to bring that development.

There are camps for boys and camps for girls. Boy Scout and Camp Fire organizations furnish activities for young people. In various ways attention is given the recreational life of boys and girls to a degree unknown a few years ago.
There are several reasons for this increase in interest. Many adults hold the belief that the pro-

per solution of various serious problems of the day will only come about a decade or two hence when the boys and girls of today are functioning as citizens.
Still another reason for this increase in interest is the realization on the part of older people that in these modern days the pitfalls are far more numerous than used to be the case. The boys and girls of today need more protecting influences than those of twenty years ago.

THE MINING SITUATION.
Senator Sneed in Jacksonville yesterday gave a very interesting presentation of some of the difficulties that are to be found in the mining situation. That he is a man of large influence in southern Illinois is evidenced from the fact that he represents his district in the state senate and in the constitutional convention, and is at the head of the miners organization in Williamson county with its membership of 15,000.
The public discussion of mining affairs, from both the operators and the miners' viewpoint has its value. The people generally believe that the miner is paid very high wages and that his attitude is usually unreasoning and un-American. The people fail to take into account the other fact that while the miner is paid high wages, the number of days he is permitted to work each year reduces his annual earning power to a very considerable extent. The average earnings of each Illinois miner last year was just a little more than \$1300.

It is just as well to remember too, that mining is a perilous and unhealthy occupation, and the percentage of Americans engaged in the work is small. When the public can secure accurate information about the earnings of the operators as it can about the earnings of the miners, then there will be less suspicion attached to the public's opinion of the mining industry.
Mr. and Mrs. Thomas Oxley came to town from Durbin yesterday.
Mr. and Mrs. John Lashmet of Winchester were called in the city yesterday.

PASSAVANT HOSPITAL NOTES.
Miss Catherine Carson of the nurses force, has returned from a vacation enjoyed in Springfield. Cards have been received from Misses Lulu McCarver, R. N., of the class of '12; Martha McCarver of the class of '20, and Mrs. May W. Avery, of the class of '11, all of whom are attending the annual convention of nurses' associations in Seattle, stating that all are having a fine time. The meeting has been a great success. The next is to be in Detroit, two years hence.
Rev. John Kettle of New Salem has entered the hospital for treatment for a time.
Ray Powell came to the hospital for a dressing.

Everett Rodgers, son of Mrs. Sylvia Wallace, 345 Northwest street has gone home.

As was stated in the journal a few days ago, the park board advertised for bids for the construction of the swimming pool after submitting the plans and specifications to the state board of health. The honorable body sent the following to the board: Honorable President and Members of the Park Board, Jacksonville, Illinois.
Gentlemen and Ladies:
Plans for a proposed swimming pool to be located in Nichols Park, Jacksonville, prepared and submitted by your engineers, Caldwell Engineering Company, have been reviewed and are hereby approved. We would incorporate as part of our approval the following explanatory remarks and instructions as to operation.
Our approval is given with the understanding that a duplicate chlorinator or some other reliable device will be installed at the water-purification plant so that continuous sterilization of the public water supply will be assured, even though the chlorinator now in service should break down. We believe that the city should have a duplicate chlorinator, even though the installation at Nichols Park is not carried out, as it is considered the best modern practice to have duplicate equipment for sterilizing the water at any water-purification plant.
Part of the swimming pool installation for the treatment of the outflow from the swimming pool by chlorine of lime could be omitted at this time, provided the outflow from the swimming pool is discharged into Morgan Lake above the spillway into Mauvaisterre Lake and provided an effort is made to so regulate the level of the water in Morgan Lake that flow into Mauvaisterre Lake will not take place during the bathing season or at least only at times of very heavy rainfall when great dilution will be provided. This can probably be accomplished by means of flashboards on the spillway. Whether it is necessary to completely drain the swimming pool and thus discharge water from the bottom of the pool which can not be drained into Morgan Lake because of the relative elevations then the water in the pool can be treated directly with chloride of lime about one-half hour before draining the pool. The amount of chloride of lime to be used will be dependent upon the amount of water in the pool that will be drained into Mauvaisterre Lake below the spillway from Morgan Lake.
Also the chloride of lime mixing and application tank and devices can be omitted at this time, the pool and piping should, however, be so installed that this chloride of lime equipment can readily be installed at a later date if experience with the operation of the pool shows such to be desirable.
We have suggested to your engineers that in addition to supplying water to the pool at the bottom as indicated on the location sheet of the plans, that a branch line be extended to the shallow end of the pool so that part of the water will fall into the pool as from a fountain. This would add to the appearance, it would afford pleasure to children wading in the shallow end of the pool, and would help circulation of water from the shallow end of the pool to the deep end and overflow gutters, which gutters are to be provided around the pool with the exception of a limited portion at the shallow end.
If any changes are made in the plans as submitted we would ask that revised sheets be submitted so that we may have a record of the installation as made. We would also appreciate it if you would advise us when the installation has been completed.
Yours very truly,
HARRY F. FERGUSON,
Chief Sanitary Engineer.
Approved: ISAAC C. RAWLINGS, M. D., Director.

ALEXANDER
Mr. and Mrs. Edward Corrigan have returned to their home in Chicago after a visit at the home of Mr. and Mrs. F. J. Kaiser in Alexander. Prior to coming here they visited for a few days with friends near New Berlin.
Mrs. James Snyder and son of East St. Louis are guests at the home of Mrs. Annie Snyder in Alexander.

OAK LAWN PROPERTY DESTROYED FRIDAY

House, Barn and Several Outbuildings Burned to Ground in Combustion Fire.

A house belonging to the Oak Lawn Sanatorium was almost completely destroyed by fire that broke out at 2:55 o'clock Friday afternoon. The barn and several outbuildings were also burned to the ground. The house was occupied by Fred Flanagan and family, an employee of the Sanatorium. All of his furnishings were saved.

The fire started in the barn and when first discovered was entirely beyond control. The cause has been contributed to spontaneous combustion, as the barn contained considerable hay and other feeding materials. The blaze quickly spread to the surrounding outbuildings and eventually to the house, which was almost a total wreck. Friends succeeded in saving practically all of the furnishings of the house.

The buildings are all a part of the Oak Lawn Sanatorium and were used on the tenant farm by the Flanagan family. The loss which is about \$5,000 and is partly covered by insurance.
The officials of the Sanatorium wish to thank those who helped to combat the flames, especially the fire department whose splendid service is highly appreciated.

Miss Ruth Esparza, a native Mexican and an experienced teacher, will take private pupils in Spanish. Apply at Woman's College.

FENCE AT FAIR GROUNDS BEING BUILT

Scott Green of the county fair board was in the city yesterday on business connected with the fair. The fence of the race track is now being erected. The posts will be cored and the barrier will be formed by two boards, a 2 by 4 and a 1 by 8. The fence will be built with an idea of permanency so that we may always have a good one for our annual fair. After the carpentry work is finished the fence will be white washed and will present a good appearance as well as being of a strong and durable build.

LITERBERRY SOCIETY MEETS IN THIS CITY

Clio Circle of Christian Church Met at Home of Mrs. J. W. Young in Jacksonville—Other Literberry News.

Literberry, July 7.—Members of the Clio Circle of the Literberry Christian church were entertained Friday afternoon at the home of Mrs. J. W. Young in Jacksonville. There were eighteen members present, together with a number of guests, and the session was a very interesting one. The opening number on the program was a song by the company, followed by a prayer by Mrs. Fred Henderson.
The program also included readings by Mrs. William Hull, Miss Dorothy Ogilvie and Miss May Myers, all of which were very interesting and worth while. At the business session plans were discussed for a supper of some

kind to be given on Wednesday, July 26.
After the program those present spent a brief time socially and the hostess served delightful refreshments.
News Notes.
Mr. and Mrs. Thomas Pierce and son have gone to Springfield for a few days' visit with relatives.
John Blimbing and Leo White of Beardstown and Mr. and Mrs. C. T. Berry have gone to Springfield to visit Mrs. Berry's brother who is in a serious condition at one of the hospitals there.
Miss Mildred Underbrink was a shopper in Peoria Friday.

Don't forget big benefit outdoor dance, Tuesday night, STATE HOSPITAL grounds. Auspices Auto Dealers' Ass'n. Proceeds to furnish one room in new annex at Our Saviour's Hospital. Dunlap's Orchestra. Fine floor big time.

GRAHAM HARDWARE**DAUGHTER HAD TO HELP MOTHER**

Now Can Do All Her Housework Alone Because Lydia E. Pinkham's Vegetable Compound Helped Her

Jasper, Minn.—"I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your Vegetable Compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial." — Mrs. JESSIE PETERSEN, Route 1, Jasper, Minn.

There is no better reason for your trying Lydia E. Pinkham's Vegetable Compound than this—it has helped other women. So if you suffer from displacements, irregularities, backache, nervousness or are passing through the Change of Life remember this splendid medicine. What it did for Mrs. Petersen it may do for you.

The Vegetable Compound stands upon a foundation of nearly fifty years of service.

A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window mouldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

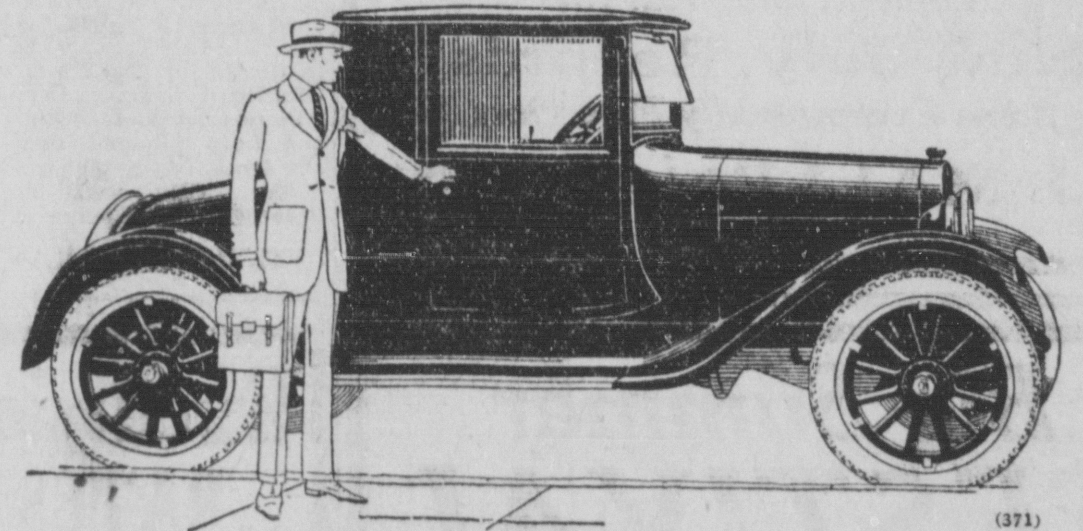

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

The price is \$980 f. o. b. Detroit

AUTO TRAVELERS

Mr. and Mrs. S. Peretzky of Leavenworth, Kansas, arrived in the city early yesterday morning having camped the night before at Springfield. They had been to Cleveland, Ohio, and various other places on a general pleasure tour and were in fine shape. One member of the party was a fine Scotch collie dog much valued by the gentleman and wife.

BOUND FOR IDLEWILD

Miss Marian DePew has gone to Idlewild, near Lake Matanzas for the summer. She was accompanied by Mr. and Mrs. W. J. Mackey who expect to remain three weeks, and Miss Margaret Hamilton who expects to enjoy the week ends there during the summer.

Owing to illness Miss DePew was unable to complete her studies in biology last year and she goes to Idlewild for the purpose of further research. Lake Matanzas is remarkable for the amount of biological material it contains having both the north and south productions in abundance. Miss DePew will find pleasure and profit the coming weeks.

Watermelon and Fresh Vegetables DOUGLAS**GROCERY & DELICATESSEN****AFTER MANY YEARS**

Henry Schultze of Louisville, Ky., is visiting his cousins, Thomas and Deem Rapp of this city, and Alonzo Leib of Winchester. The gentleman's mother was a sister of the late Michael Rapp and he lived here at one time but has been away 48 years and naturally sees but very little that is natural and finds very few who remember him.

SHREDDED

KRUMBLESdeliciously flavored
WHOLE-WHEAT**The Spirit of Old College Days!**

It's a wonderful thing for women and men to "carry age" gracefully; to retain mental keenness through physical fitness! Compare such women and men with puny, faded examples of humanity! Did you ever consider that these rugged folks came by their health largely through childhood food—food that made red blood and bone and muscle!

Don't let your children grow up puny, undersized weaklings through eating denatured, bleached-out foods! Protect these little folks with Kellogg's whole-

wheat KRUMBLES—with the delicious whole-wheat flavor for the first time!

KRUMBLES will build strong bodies; KRUMBLES will make red blood and bone and muscle and rugged constitutions! Because KRUMBLES, with every atom of whole wheat, contain every food element that the human body needs!

KRUMBLES renew the strength of men and women who do the world's work! KRUMBLES provide food that sustains the aged as nothing else can! All grocers sell KRUMBLES.

The only whole-wheat food with a delicious flavor!**Some Real Specials**

EXAMINATION THIS MONTH FOR TEACHERS

H. H. Vasconcellos, County Superintendent of Schools has announced that the examination for teachers certificates will be held in this city for Morgan County, Thursday and Friday, July 20 and 21st. The examination will be held in the courthouse under the supervision of Mr. Vasconcellos and Mr. Lowery.

During the war a shortage of teachers was prevalent and the County Superintendent was authorized to issue emergency certificates, but under the rules the conclusion has been drawn that there are plenty of teachers to

fill the need and that this will not be necessary.

TO BUILD MODEL CITY MILK ORDINANCE

Jacksonville Invited to Send Representatives to Conference in Chicago August 1st.

Jacksonville has been invited to have the city health commissioner and representatives of the milk dealers attend a conference to be held in connection with the Pageant of Progress in Chicago August 1. That date has been fixed as milk day at the pageant and representatives of many cities throughout the state have been invited to participate in the conference and have some part in the educational program.

The following taken from a recent issue of the Rockford Register-Gazette gives some additional facts with reference to the conference:

"L. Fred Muller, president of the Union Dairy Co., has been appointed chairman of a milk congress to be held on the Municipal Pier, in Chicago, Tuesday, Aug. 1, in connection with the Pageant of Progress.

"The milk congress will be one of the educational features of the Pageant of Progress. One of the aims of the milk congress is the formulation of a model milk ordinance that will be acceptable to all interests. Invitations to attend the conference on a milk ordinance have been accepted by dealers, producers and health commissioners of thirty Illinois cities.

"Dr. O. N. Gunderson, Rockford's health officer, expects to attend the conference and do practically all of this city's dairymen.

"Delegates attending the milk congress after a general assembly in the morning, will adjourn to a conference room to analyze the proposed form of a model ordinance. The results of the conference will be reported back to the general assembly at 6 o'clock in the evening for final adoption."

Among the Illinois cities expected to send representatives to Chicago are the following: Alton, Aurora, Belleville, Bloomington, Cairo, Champaign, Danville, Decatur, East St. Louis, Elgin, Evanston, Freeport, Galesburg, Jacksonville, Joliet, Kankakee, LaSalle, Mattoon, Moline, Oak Park, Peoria, Quincy, Rockford, Rock Island, Springfield, Streator, and Kewanee.

"M. D. Dunn, president of the National Dairy council, will arrange the entertainment for the day. His program will consist of lectures by prominent men and women of national reputation upon the use of milk as a fundamental food. These will be interspersed with moving pictures and the well known milk fairy play.

"The committee chairman in charge of the educational features of the Pageant of Progress are Dr. David Kinley, president of the University of Illinois, and Dr. Isaac D. Rawlings, superintendent of the State Board of Health."

RIDGELY INSTALLED OFFICERS LAST NIGHT

T. M. Tomlinson Was the Installing Officer—James E. Johnson Chief Patriarch for Ensuing Term.

The regular meeting of the Ridgely Encampment No. 9 I. O. O. F. for installation of officers was held last night in the lodge rooms. The following deputies did the work of installation:

Deputy Grand Patriarch—T. M. Tomlinson.

Deputy Grand High Priest—T. H. Rapp.

Deputy Junior Warden—John Robertson.

Deputy Senior Warden—Charles Bales.

The officers installed were:

Chief Patriarch—James E. Johnson.

High Priest—Arthur Ellis.

Senior Warden—Ruly York.

Junior Warden—F. K. Mulligan.

First Watch—G. W. Patterson.

Second Watch—Charles Bales.

Third Watch—Charles Goodey.

Inside Sentinel—Henry Pulliam.

First Guard of Tent—W. E. Mann.

GEORGE J. HILLS DIED YESTERDAY

Well Known Resident Passed Away at Home in Lynnvill—Funeral Services Sunday Morning.

George J. Hills of Lynnvill passed away at his home at 1:30 o'clock yesterday afternoon after a long period of ill health.

Mr. Hills was born in England on January 2, 1835 and was married to Miss Elizabeth Clark in England on Feb. 16, 1856. They moved to this country many years ago and took up their abode near Lynnvill. He was well known and respected in and around that town.

Deceased is survived by three daughters, Lillie and Nettie Hill of Lynnvill, and Mrs. Nathan Harrell of Baldwin, Kansas, and two sons, William and Lincoln Hill of Franklin. He also leaves one sister Miss Elizabeth Hills of England. He was a member of the Episcopal church and Lynnvill Lodge I. O. O. F. and Ridgely Encampment No. 9 of this city.

Funeral services will be held at Lynnvill M. E. church Sunday morning at 10:00 o'clock. Rev. G. T. Wetzel officiating.

Members of Lynnvill lodge of Odd Fellows will have charge of the services at the grave.

Interment in Liberty cemetery.

DISCUSS OILING OF ROAD TO BLUFFS

Bluffs People are Strong for Project—Hoped That Some Action Will Come Soon

The question of oiling the road from Jacksonville to Bluffs is now being discussed by road men. A large number of the citizens of Bluffs and those living between here and that city are quite enthusiastic over the idea. The Bluffs people are strong for the oiling, as it will bring the tourists thru their town instead of thru the country near Riggsdon.

Altho the question has not been settled it is quite likely that the deal will be put thru as there seems to be such a strong popular desire for the new plan.

Qualified judges estimate that the oiling can be done for eight or nine thousand dollars. This is quite a large sum but if the people along the way are as anxious for oiling as they seem to be they will undoubtedly put it over.

LOCAL DELEGATES GO TO SHELBYVILLE

State Epworth League Meeting to Be Held Next Week—Will Ask for Next Meeting.

The State Epworth League Institute which opens next week at Shelbyville will be well attended by Jacksonville delegates. It is expected that about three hundred young people will meet at the institute for eight days of study, devotion and recreation.

The institute officers expect about three hundred delegates to be in attendance.

A committee from Jacksonville has been appointed to try their hands at getting the institute to meet in our city permanently. We have adequate provisions for taking care of the convention if it decides to meet here. Nichols park would make a splendid camping ground for the young people.

Those who will go as delegates of the local societies are: Rev. Sam Graves, H. A. Williamson, T. V. Hopper, and the Misses Grace Rexroat, Ida Volrath, Agnes Davis and Jennie Elliott. Miss Gertrude Tompkins of Springfield, will be also be a delegate from this city, as she has but recently moved away.

BOY SCOUTS ARE DELIGHTED AT SUCCESS LAST NIGHT

The Boy Scouts of Troop Seven were a happy group when their theater project last night became a success. The boys sold all of the necessary tickets to obtain the money for their camping trip and will start next week. The boys have worked hard earning their money for their trip, under the direction of their scoutmaster, Louis Horen, and are contemplating a grand week.

Scoutmaster Horen was the victim of boyish wit and mischief last night when he agreed to buy a ticket for any girls the Scouts might bring to the show. The ambitious boys herded girls from all directions and marched sixteen of them in at their scoutmaster's expense. He paid the fare with the good natured air of one who has been beaten at his own game.

KENNIBREW PRESIDES AT MEETING

Dr. A. H. Kennibrew of this city went to Springfield last night where he presided over a large mass meeting at the State Arsenal. A speech was made during the evening by Col. Roscoe Conkling Simmons the famous colored orator.

ATTEND DOKAY CONCLAVE

Chester Connolly, Dick Dowdsworth and Leo Suiter, returned yesterday from Peoria where they taught the D. O. K. K. Ceremonial meeting. The men made the trip in a car and reported good roads and a fine time generally.

VISITORS FROM CALIFORNIA

Mr. and Mrs. Owen Johnson of Stockton, Calif., are in the city visiting Mrs. Johnson's mother, Mrs. Mary Robinson on East College avenue. Mr. and Mrs. Johnson made the trip by auto going northward and taking in Portland, Seattle, Yellowstone National park and other places of interest. They camped by the way and had few mishaps and greatly enjoyed the journey.

HIKERS GUESTS HERE

Mr. and Mrs. Harley Culver of Edinburgh, who are taking a cross country hike for health benefit were guests at the home of Mrs. Lydia Faugust on East State street yesterday. The couple are hiking to Paola, Kansas for the improvement of Mr. Culver's health.

Mr. and Mrs. William Faugust

of Champaign, who have been visiting Mrs. Lydia Faugust of this city, have gone to Griggsville where they will visit a short time before returning to their home.

SENATOR SNEED HEARD IN LOCAL ADDRESS

Prominent Illinoisan and Representative of Williamson County Miners Explained Affairs of Mining Industry.

Speaking before the Jacksonville Rotary club at the luncheon on Friday at the Pacific Hotel, Senator W. J. Sneed declared that no citizens of the state more greatly deplored the terrible happening at Herrin than do the officers of the United Mine Workers of America.

Senator Sneed represents his district in the state senate, is also a member of the constitutional convention from his home district and is the head of the miners organization of Williamson county. In that capacity he is the representative of 15,000 mine workers.

Before Senator Sneed's address Miss Lorene Dewesse sang a group of songs with Willard Wesner as accompanist. The several numbers were received with marked enthusiasm.

Senator Sneed had been invited to speak to the Rotary Club with the present mining situation as his theme, and he gave a very interesting account of the difficulties presented in the problem. The United Mine Workers organization was established about 22 years ago, and today with its membership of 617,000 ranks as one of the strongest and best managed labor organizations in the world.

The speaker referred to Mr. Reed, vice president of the Peabody Coal Company, who in his address on Thursday said that the operators preferred to have business relations with the miners thru their organization. The experience of years has afforded proof that the operators are able to secure better results and more stable conditions in the mining industry since the advent of the union than was true in the earlier days.

A contract with the organization means much more than would be possible without the organization. Senator Sneed explained some of the difficulties in making separate state agreements as to wage scale since the custom of arranging rates in the central competitive field has been established. The central competitive field includes Pennsylvania, Ohio, Indiana and Illinois and for a period of years the mining rates in all these states have been settled at one general conference.

The speaker said that while in the present situation it might be to the advantage of Illinois operators to have a separate settlement, that in the long run such settlement would be unfortunate for the operators as they would be likely to meet conditions in other states thru subsequent settlements with which they could not compete.

Over Development of Mines.

Senator Sneed declared that figures readily show that there has been an over-development of mines and that the number of miners employed is too large, but said since there is no law against a man investing his money in mining and none to prevent one man from seeking to follow the occupation of mining, it is a hard matter to control.

Senator Sneed said that a great majority of the miners are foreigners and that one of the greatest tasks of Americans should be to see to it that these foreign born men are given the environment, that will give them the correct ideals of American life and help to make them the citizens that they should be.

In this dissemination of real Americanism the speaker declared the best way to a settlement of labor troubles can be found.

Senator Sneed in beginning his address referred to his long acquaintance with Col. O. C. Smith who came to Jacksonville from Benton.

Some of the guests of the day were E. D. Platt of New Albany, Ind.; J. P. Kem, Macon, Mo.; Albert Buhrman, a Rotarian of Springfield, Mo., brother of Otto Buhrman of this city; Felix E. Farrell, Clarence and Carl York and Fred Hook.

MAKING READY FOR COMING CIRCUS

Rex de Roselli, general representative, and Thomas Dawson, general press agent of the Al Barnes circus were in Jacksonville yesterday making further preparations for the coming of the circus next Friday, July 14. The circus is coming to Jacksonville from Canton over the Burlington and should arrive quite early in the morning.

Three years ago the Barnes circus visited Jacksonville and a very creditable exhibition is well remembered. In the intervening years the show has been greatly enlarged.

MISS STEVENS TO AID LOCAL HEALTH WORK

Miss Lucille Stevens has come to Jacksonville from Jackson, Mich., to begin work in the public health department of the city. Miss Stevens is a graduate of the hospital department of the University of Michigan and has abundant experience. For several years she was identified with the public health work in Jackson, Mich., and it was there that Dr. Brokaw became familiar with her excellent work.

REV. PIRES HERE

Rev. E. L. Pires and son of Erie Pa., are visiting at the home of his mother of North Main street. While here some time ago Rev. Pires was called to El Paso, Texas because of the death of an uncle.

A. E. Knowles of Vincennes, Ind., was a caller in the city yesterday.

MYERS BROTHERS

JUDGE BARNSTEAD SUDDENLY STRICKEN

While in the city on business yesterday morning Judge Barnstead of Shawneetown was taken suddenly ill with heart trouble.

The Judge is connected with the office of the State Fire Marshal in the capacity of Attorney. He was in the city to prosecute some cases of people in this vicinity who have been disobeying the fire protection ordinances.

While arguing his case the gentleman suddenly showed signs of severe sickness. Justice Bayha gave what restoratives he had at hand and then took the Judge to his room at the Douglas Hotel.

Yesterday afternoon the sufferer was taken to Springfield by automobile.

REFRIGERATORS AT PRE-WAR PRICES.

GRAHAM HARDWARE

MOTORISTS PASSED THRU

A man and wife from Texas went thru the city yesterday in a Dodge car well equipped for touring. The couple had from near Galveston, their home being on Clear Lake. They have been on the road for some time and are now traveling north.

RETURN FROM CHICAGO VISIT

Mr. and Mrs. C. H. Patrick and Mrs. M. E. Davis have returned from Chicago where they have been visiting. While there, Mr. Patrick purchased from the Yellow Cab company a yellow cab for use in this city.

FORMER RESIDENT IS NOW VISITING HERE

Albert Buhrman of Springfield Missouri is now visiting friends in this city. He was for years in the drug business, for some time in the Badger drug store. He is the brother of Mr. Buhrman of

Sehrman and Buhrman's jewelry store. The gentleman will return to his home tonight.

BISHOP E. J. MULDOON BISHOP JAMES RYAN

While all Catholic Bishops of Illinois, including Archbishop G. W. M. of Chicago, are behind the movement for the Catholic Foundation of the University of Illinois, for which a million dollars is being raised by the Knights of Columbus, Catholic Knights of America, Catholic Order of the Most Holy Name of Jesus, and Ancient Order of Hibernians, the real impetus to religious education at the institution was given by Pope Pius X in his encyclical on "The Teaching of Christian Doctrines." In this message he said:

"Where there are public academies, colleges and universities, let religious instruction be established for the purpose of teaching the truths of the faith and the precepts of Christian morality to the youths who attend such institutions wherein no mention whatsoever is made of religion."

The Rt. Rev. Bishop E. M. Dunne of Peoria, in whose diocese the University of Illinois is located, said: "The project of erecting a hall for Catholic students at the State University of Illinois has my unqualified sanction and approval."

The Rt. Rev. P. J. Muldoon, D. D., Bishop of Rockford, and state chaplain of the Knights of Columbus, said: "Most heartily do I second your efforts for the University of Illinois for religious education of the Catholic students attending that institution."

BUTTER MARKET WEAK

By Associated Press.
Chicago, July 7.—Lower eastern markets and a light demand for top scores resulted in a weak butter market today. An unsettled condition reigned with lower prices in finer grades. Ninety two score was not plentiful and dealers were holding for 35 1/2 cents. Eighty seven and 90 score found a good demand and was cleaned up in fair shape. Cars of centralized were easier, and hard to sell. Ninety score cars were firm at 36 cents but buyers were unwilling to pay more. Lower score cars sold at current prices but some dealers reported sales at a fraction more.

FOR SALE—One of the best farms in Morgan county. About 60 acres highly improved, all well fenced, cement feed lot etc., house, barn and all out buildings in extra fine condition. Improvements alone on this place are worth over \$10,000. Fine location. Price \$290 per acre. Bryant, Morrison Bldg. 7-8-11

FOUND—Black steer calf, about year old. Owner can have same by paying expenses and seeing Henry Black, R. 8. 7-6-11

BRADSTREET'S REPORT

By Associated Press.
NEW YORK, July 7.—Bradstreet's tomorrow will say: Trade has been quieter, holidays and weather irregularities reducing operations in both trade and industry, but the fading of a general strike of auxiliary railroad workers had made for a quite cheerful tone. The transportation industry has continued to function with strikingly little friction, despite the walkout of the railroad shippers, or mechanics. For this, the partial failure of the strike—all the shipping not going out—and the failure of the strike to extend to track workers, telegraphers and clerical workers, was mainly responsible. Passenger and freight movement have been only slightly interfered with despite the holiday rush. The deadlock in the coal trade has continued, with little apparent effect of the talk of government interference in that sector, but the effect of the mid-year holidays and of the unsettled railroad labor situation has been to lower coal production and advance coal and coke prices. Weekly bank clearings \$6,800,000.

CASH GRAIN REPORT

By Associated Press.
CHICAGO, July 7.—Premiums and discounts for red and hard wheat in the cash market were a cent better today, whereas dark hard, northern and dark northern were unchanged. Demand was good for contract trades but offerings continued light. Shipping sales were \$50,000 bushels, mainly to exporters.

Corn was in good demand with the trading basis 1/2 and 3/4 cent better. Shipping sales were 470,000 bushels, partly to exporters.

Oats were in good demand and the trading basis was unchanged. Prices were 1c easier. Domestic shipping sales were 100,000 bushels.

Cars inspected: Wheat, 32; Corn, 277; Oats, 92.

NEWS OF THE SPORT WORLD

MERCHANTS WON FROM ELI TEAM

Final Score Was 6 to 5—Riggs Held Merchants to Four Hits But Support is Wobbly.

The Merchants defeated the Eli Bridge team in the Twilight League game Friday evening, the final score being 6 to 5.

Riggs held the Merchants to four hits but two of them were doubles while his support made six errors.

THE GREAT ROSE WINS TAVERN STAKE

Was Driven by Lon McDonald Who Captured the Event Last Year With Jeanette Rankin—Jack Gratton Wins 2:06 Trot.

NORTH RANDALL, Cleveland, Ohio, July 7.—Lon McDonald, Indianapolis reinsman drove his second stake winner in as many days when The Great Rose, owned by T. D. Taggart, Jr., of French Lick, Ind., annexed the Tavern "steak," purse of \$5,000, the feature event of today's grand circuit racing program.

In negotiating the first mile in 2:05 3/4 the Peter The Great trotter clipped one half second from the track record for the Tavern which was held jointly by Jeanette Rankin and Grand Chimes, McDonald was behind Jeanette Rankin when she equalled the record and won the event last year.

Princess Etawah, which finished second last year, also finished in that position today.

Frederick K., driven and trained by B. G. Perry, Oskaloosa, Ia.,

DETROIT BOAT CLUB WINNER AT PEORIA

PEORIA, Ill., July 7.—After winning the southwestern championship this morning, the Detroit boat club came back this afternoon on Peoria Lake and got away to the lead in the first day's racing in the Central states amateur rowing association. Detroit took nine points this afternoon. Grand Rapids, who finished in second place in the southwestern has seven points for second.

F. Puls of St. Louis, was deposited as referee this afternoon on a judges' vote following a decision that he did not please the officials. John J. Jochin of St. Louis was named to succeed him. The four oared shell of the central boat club of St. Louis was out in two and sunk by the Detroit shell in one of the races.

REMOVAL NOTICE. Kopper Insurance Agency now located 206 1/2 E. State St. Phone 1575.

J. C. Hulett of Springfield transacted business in the city yesterday.

made his debut in a race an auspicious one, by winning the 2:12 trot.

Jack Gratton, driven by Walter Cox, won the 2:06 classic. He was the third favorite of the day to win.

BROWNS BREAK EVEN WITH THE RED SOX

Shocker beats Them 10 to 0 in First Contest—Boston Takes Second When Burns Hits Homer in Thirteenth.

BOSTON July 7.—St. Louis and Boston divided honors today. Shocker won the first game for the Browns, 10 to 0, and Burns' home run off Pruett in the 13th gave Boston the second, 5 to 4. Ellerbe's single, Shocker's bunt and Gerber's single in the third scored the only run of the opening game. Williams was put out of this game for questioning Umpire Evans' judgment on balls and strikes. Scores:

GIANTS DEFEATED PIRATES IN 18 INNINGS

PITTSBURGH, July 7.—New York defeated Pittsburgh today 9 to 8 in 18 innings. Each side was guilty of numerous misplays most of which resulted in runs. Carey stole home in the third inning and reached first base nine times. Kelly hit a home run over the left field wall in the ninth inning, and his second home run came in the 18th with a man on base which won the game. Score: New York— 200 012 011 000 000 002 9 19 3

EUGENE CRIQUI IS EUROPEAN CHAMP

PARIS, July 7.—Eugene Criqui, the French featherweight, tonight knocked out Arthur Wyns of Belgium in the 12th round. The bout, which was for the featherweight championship of Europe, was scheduled for 20 rounds.

"Gee! He's Bigger'n a Three Story Building!" Tusko Welcome

When the Al G. Barnes circus trains pull into Jacksonville Friday, July 16th, there'll be the usual crowds on hand to see Tusko, largest elephant in the world, a foot taller and a ton and a half heavier than was famous Jumbo. At every stand the circus plays, a huge gathering greets "the last of the mammoths." The other elephants are detained separately. When Tusko finally appears a great "Oh!" arises from hundreds of lips. Then—a moment of stunned silence. Finally a youngster shrills, "Gee! He's bigger'n a three-story building!" And that's the inspiration of the picture above. A three-story building has been substituted for

MOLLA WILL MEET SUZANNE FOR TITLE

American Wins Way to Finals in Decisive Fashion—Mille Lenglen Also Wins Her Match in an Impressive Manner.

WIMBLEDON, July 7.—With Molla Bjurstedt Mallory's convincing victory over Mrs. Eamish of England, today and Mille Suzanne Lenglen having triumphed over Mrs. Peacock, the center court is ready for tomorrow's dramatic occasion when the American and French tennis stars will meet to decide the women's tennis championship of the world.

Both Mrs. Mallory and Mille Lenglen came thru today's semi-finals with decisive scores, the American defeating her opponent 6-2, 6-2, and the French woman winning by 6-4, 6-1.

Tomorrow's meeting is the first time that America has sent a woman player since the war who has succeeded in reaching the final at Wimbledon, and this result it is said, fully proves the claim that Mrs. Mallory this year has been showing a form ahead of anything seen in England on her previous visits.

Mille Lenglen's play in the tournament and in her match today has been a source of wonder to those who witnessed the tournament particularly.

When it was suggested to her today that in the past three days she has been playing the greatest game of her career, she smiled and apparently much pleased, said: "Yes, I think you are right that my play is of a better standard than ever before, but nowadays I am not so strong physically. I have to be careful. I cannot run so much. But I agree with you."

Mrs. Mallory appeared to play an inspired game today. She was almost faultless against Mrs. Beamish; her control of the ball was amazing. She often has revealed an instability in returning the ball on the back hand, but today it might have been her stronger side. Ball after ball she hit with perfect control and fine speed to within inches of Mrs. Beamish's left side line. In a rally she would send over a continuous stream to this spot; then having got Mrs. Beamish well displaced out of the court, would shoot a forehand winner across to the opposite corner. The spectators were amazed. On all sides was heard the same remark: "I thought Mrs. Mallory didn't have a back hand return."

The play of Mrs. Peacock in her match with Mille Lenglen aroused the greatest enthusiasm. Her backhand drive was frequently a forcing ball and she scored winners into Mille Lenglen's forehand corner. Often the English woman's drives were so hard and so accurately placed to her opponent's backhand on the base line that the French woman was thrown back off her balance and failed to return the ball into the court.

Mrs. Mallory was a most attentive spectator of this match. From the competitors stand she watched every ball with the keenest interest, but made no comment.

Mrs. Peacock, with the first service, took the opening game but Mille Lenglen took the next four chiefly through driving hard shots to Mrs. Peacock's left. The English woman took the sixth game by superior play, but after running the score to 5-4, forced the champion to a tenth game. The deciding game was won by the French girl, who braced courageously and sent over two magnificent serves with the greatest speed any woman possibly could achieve, winning the game in four straight points.

Throughout the set, as well as in the second set, hard driving played an important part. Mille Lenglen repeatedly shot to her opponent's backhand, placing in beautiful fashion to the line and keeping Mrs. Peacock racing from side to side until she beat herself.

Big Double Bill at Rialto tonight, Jack Holt, in "The Man Unconquerable," and "The Leather Pushers," a great prize ring feature that every man and boy should see. No advance in prices.

NEW YORK MADE IT THREE STRAIGHT GAMES

NEW YORK, July 7.—New York made it three straight from Cleveland today. Hoyt winning a tight pitchers' battle from Morton, 1 to 0. Babe Ruth's single in the first inning scored Witt, with the only run of the game. Score: Cleveland 000 000 000—0 5 1
New York 100 000 00* 1 5 0
Morton and O'Neill; Hoyt and Hofmann.

PHILLIES EASILY DEFEATED REDS

CINCINNATI, July 7.—Meadows pitched well today and Philadelphia easily defeated the Reds 3 to 1. It was the first victory of Wilhelm's men on the local lot this season. Luque was hit freely, especially in the first part of the game. Score: Phila 120 000 000—3 11 0
Cincinnati 001 000 000—1 5 1
Meadows and Henline; Luque and Wingo.

TIGERS TAKE TWO FROM SENATORS

WASHINGTON, July 7.—Detroit took both ends of a double header from Washington today 7 to 6 and 11 to 9, the Tigers getting their winning margin in the ninth inning of each game. Doubles by Veach and Heilmann scored the winning runs in the opening contest while Mogridge and Zachary were hammered for nine hits and as many runs in the final inning of the closing encounter, when Woodall, pinch hitter, appeared

twice and hit safely each time.

Score, First Game: Detroit 200 100 021—7 13 2
Washington 000 104 100—6 11 3
Olson, Cole, Holding Oldham and Bassler, Manion; Johnson and Pinch.

Second Game: Detroit 000 020 009—11 20 0
Washington 103 110 210—9 14 2
Oldham, Holding, Dauss and Manion; Mogridge, Zachary, Brillhart and Gharitty.

CHICAGO BUNCHES HITS OFF MILLER

Also Hit Marquard Opportunely and Win From Braves By Score of 7 to 2.

Chicago, July 7.—Chicago bunched its hits off Miller, driving him off the mound in the fourth inning, and hit Marquard opportunely winning from Boston, 7 to 2. Alexander pitched a steady game, holding the Braves to 6 hits, three of which were made by Nixon. Powell's hit and Nixon's drive over the right field wall saved the visitors from a shutout.

GOVERNOR MAY STOP FUTURE BOUTS

INDIANAPOLIS, Ind., July 7.—Ring contests may be barred from Indiana in the future, Governor Warren T. McCray declared today in commenting on the match staged at Michigan City, July 4, between Benny Leonard and Rocky Kansas.

"I don't think there will be any more fights held in this state," the governor said when asked if he would permit future bouts which Floyd Fitzsimmons, promoter proposed to hold in his stadium.

"The only way to determine whether a ring contest is a boxing match or a prize fight is to stop them altogether," Governor McCray asserted.

Governor McCray also stated that he was having Attorney General Lesh investigate the July 4 bout to determine if possible if it was a prize fight or a boxing contest.

Get the Best Washer For the Least Money
